

ENGRAVED PLASTIC VALVE TAG DESCRIPTION

Engraved plastic valve tags easily identifies the coding on valves and equipment through standard color coding that can be matched to existing pipe markers. Contrasting text against color coded plastic makes it an excellent visual communication tool.

Made from durable 2 ply plastic that is suitable for both indoor and outdoor environments. Tags can be made in both 1-1/2" (38.1 mm) round or square formats with a minimum 0.22" (5.59 mm) size hole and comes with a standard 4.5" (114.3 mm) beaded brass chain for easy installation.

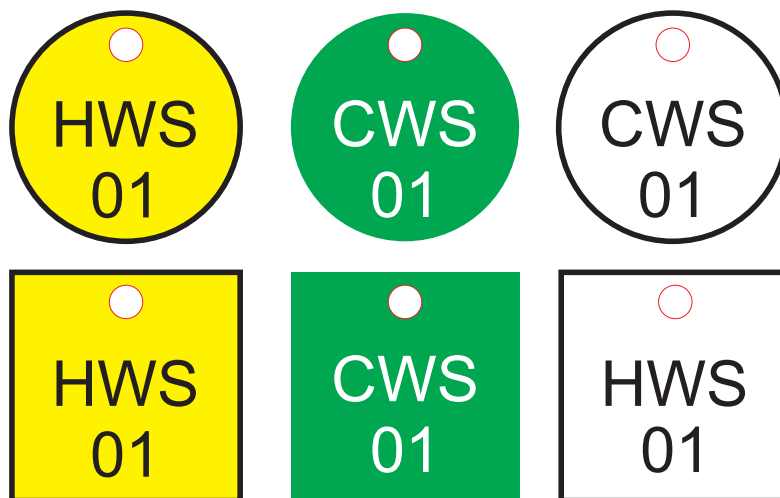

Text is sized to suit depending on the length of the legend but typically the minimum size is 1/5" (5.08 mm) with the most common size being 1/3" (8.466 mm) in Arial font.
